Wealth & Finance Magazine is proud to recognise Liechtenstein Bankers Association in the 2016 Wealth & Money Management Awards.

United Kingdom, August 2016- Liechtenstein Bankers Association have been awarded 'Best Banking NPO 2016 - Liechtenstein' in the 2016 Wealth & Money Management.

Finance management can be a daunting and complicated task, and therefore many individuals, business people and families look to advisors to support and guide them through the complex process of managing their money. From ensuring all relevant fees and taxes are paid to supporting clients through monumental life changes, those working in the wealth management industry often become much more than just advisors, developing strong relationships with clients and supporting them through thick and thin.

The 2016 Wealth & Money Management Awards are dedicated to rewarding and recognising the hard work and dedication of everyone working in this vast industry, from including asset managers, financial planners, HNWI services and specialist banking providers.

Established in 1969, the Liechtenstein Bankers Association is the voice of the banks operating in and out of Liechtenstein. Since its foundation, the association has been safeguarding the interests of its member banks towards the government, the authorities, the public, and national as well as international organisations and federations, and has coordinated the joint activities of its members.

Commenting on the program Awards Coordinator Jonathan Hicks said: "Advice, support and assistance are the key pillars of the wealth management market, and every one of our deserving winners has demonstrated beyond a doubt that they are dedicated to providing these three skills to all of their clients. I am proud of Liechtenstein Bankers Association's win and would like to wish them the best of luck in the future."
